

PHI INDUSTRIAL ACQUISITIONS acquires 6 European subsidiary companies from Pitney Bowes and the German company Intimus International GmbH, creating the INTIMUS INTERNATIONAL Group

PHI INDUSTRIAL ACQUISITIONS, a Private Equity company specialising in the operational restructuring of companies, has bet on the strategic sector of commercial and business communications management, as well as protection solutions for data destruction and elimination, **acquiring the business subsidiaries** of the NYSE registered, American multinational company, **Pitney Bowes in 6 European companies** (the Netherlands, Belgium, Luxembourg, Austria, Spain and Portugal), **as well as the entirety of the German company Intimus International GmbH, creating the Intimus International Group.**

The new Intimus International Group offers comprehensive solutions throughout the value chain in terms of innovation, development, manufacturing, sales and post-sales services, relying on a team with extensive experience in the sector.

The wide range of Intimus products for professional, industrial, high security and large capacity data destruction, as well as transactional software management, will be completed with Pitney Bowes' mailing and production mail products such as inserters, addresser printers, franking machines, folding machines and sealers. Intimus International is the exclusive distributor for these products in the 6 countries mentioned.
